Dear Mrs. Oertle:

Thank you for your October 17, 1994, telephone call, where you spoke with Rody Cox of my staff, regarding mining claims located by your late husband in Warm Springs Resource Area. Presently, our office has four active mining notices acknowledging operations on these claims. The notices are listed below with their respective operator and UMC (Utah Mining Claim) numbers.

10/27/94 - UTU-070663: Submitted by V. Lee Oertle; UMCs 188564-188567, 243070-213073, 214915-214916, 238626-238652, 25772-257796, and 258455-258470.

10/27/94 - UTU-070718: Submitted by Robert B. Wilson (subcontractor, Howard Dutson); UMCs 238650 and 238651.

10/27/94 + UTU-070720: Submitted by Loy D. Crapo; UMCs 238650-238651 and 257773-257774. - *12/93 Notice - BLM TO UPDATE NOTICE*

10/27/94 - UTU-070722: Submitted by Thom Clark for Industrial Mineral Inc; UMCs 238650 and 238651.

As was discussed with you, reclamation responsibility is inherent on the operator who submitted the notice. Enclosed for your information, is a copy of BLM's Surface Management Regulations (43 CFR § 3809), which govern surface disturbing activities under the U.S. Mining Laws. Also enclosed at your request, is a map showing the location of three open pit obsidian mines administered under Notice UTU-070663. If operations in these areas have been suspended indefinitely, the disturbances must be reclaimed. Please contact this office for guidance on reclamation techniques.

If you have any questions concerning this letter, please feel free to call Rody Cox at (801) 743-6811.

Sincerely,

Rex Rowley
Area Manager
